

### Christian Value:

The Value we will be reflecting upon this term is 'Faith'.

### Maths

This term in Maths we are beginning by learning about number and place value. We will also be working on doubling and making number bonds. In mental calculations we will be using number bonds to 10. We will be learning to read and write number names. We will continue to develop our knowledge of shapes and their properties by using Venn and Carroll diagrams.

### History

We will study the stories of **Guy Fawkes** and **Ruby Bridges**. We will develop historical questions and make narratives and accounts of the events.

### R.E.

This half term we will first be looking at the Christian festival of Harvest. Using the Southwark Diocese syllabus for R.E. we will be asking the question:

*What Responsibility Has God Given People For Taking Care of Creation?*

The children will be exploring **Creation** and looking at ways to look after the world that God has created for us. This links well to our ECO work as a whole school.

### English

We will continue to develop our phonic knowledge by studying longer words with adjacent consonants and we will begin to learn a range of new sounds. We will be learning to retell a story in detail, sequencing the main parts. We will further develop sentence writing and short narratives with traditional tales.

LADYBIRDS CLASS Autumn 1 2021

'Awesome Autumn'

### R.S.E.

We will be looking at what is the same and different about each of us? We will be looking at what makes us unique.

### P.E.

We will be focusing on yoga as well as dance.

### Art

In this subject we will be looking at self-portraits. In design and technology we will be using different tools for sandwich making.

### British Values:

Develop an understanding of school /class rules and why these are important for a happy and safe environment.

### SMSC:

We will be appreciating the environment around us and respecting the principles of the land.

### Science

We will begin our yearlong study of seasonal change by observing the wonders of autumn and the changes it brings to day, length and weather. We will develop our questioning and investigation skills by looking at light and shadows and falling seeds.

### Geography

The children will be looking at weather and identifying daily weather patterns in the United Kingdom. They will also be looking at extreme weather, what this is and how it occurs.

### Music

We will begin by learning our songs for the harvest festival and then we will be studying pulse, rhythm and pitch through a rap. We will have the opportunity to improvise and compose.
