

Spiritual, Moral, Social and Cultural development

February 2024

“The provision for personal development is exceptional and woven through all aspects of the school life. As a result, pupils embrace diversity. They are knowledgeable about different religions, cultures and beliefs. For example, Year 2 visited a local mosque as part of a recent religious education topic. Pupils recognise that not all people have the same views as them. They have access to a rich and wide set of opportunities to be active citizens. For example, as part of the ‘52 lives’ project, they make gifts to send to a person experiencing hardship”

Ofsted Report July 2022. (Personal Development – Outstanding)

The personal development of a child is intrinsically linked to Spiritual, Moral, Social and Cultural development. Through education we can help our children grow and develop as people who will be able to make sense of our modern world and achieve their full potential.

All curriculum areas contribute to a child’s spiritual, moral, social, and cultural development and opportunities for this are carefully planned within each of our curriculum areas. *(Please see our separate report for how SMSC is developed in each area of the curriculum for a concise overview.)*

This is partnered with the strong relationships formed between staff and pupils, the ethos and values of the school, behaviour and pastoral care and Collective Worship.

Respect – Resolve – Aspiration – Well-being

Our school is built upon our four core values which are founded in our Christian ethos and reflect who we are as a community. These four pillars lie at the heart of all that we do and underpin our work and how we go about achieving our vision.

Below are examples of how SMSC development and physical well-being is delivered at St Peter’s C of E Infant School, and the impact it has, thus enabling every child regardless of age, ability, or background to thrive in a highly cohesive and supportive learning community.

“For I know the plans I have for you,’ declares the Lord, ‘plans to prosper you and not to harm you, plans to give you hope and a future.” Jeremiah 29:11

Monitoring and evaluation:

Provision for SMSC is carefully monitored, audited, and reviewed on a regular basis. This is achieved by:

- Monitoring teaching and learning, pupil talk and work scrutiny by the Headteacher, Governors, and Senior Teacher.
- Parental comments and feedback from questionnaires.
- Regular discussions at staff and governor meetings.
- Audit of policies, Collective Worship planners and all curriculum areas.

What is SMSC?

Spiritual Development

- Spiritual Development is not synonymous with, but clearly explicitly linked to 'religion'. It relates to fundamental questions about the meaning or purpose of life. It is about 'inner' experience and while it is difficult to express adequately, it can include intuition, feelings, emotions, compassion, empathy and faith. It explores the engagement we have with the big questions that impact on us all, that question our origins and our future, the meaning of life or existence.
- It is about the development of a sense of identity, self-worth, personal insight, meaning and purpose. It is about the development of a pupil's 'spirit'. Some people may call it the development of a pupil's 'soul'; others as the development of 'personality' or 'character'.

Moral Development

- Moral Development can be defined as enabling learners to develop their own personal code of values to guide their thinking and behaviour in all areas of their lives, together with the willingness to put it into practice ('moral fibre' or integrity).
- It is also about the development of pupils' understanding of society's shared and agreed values. It is about understanding that there are issues where there is disagreement, and it is also about understanding that society's values change. Moral development is about gaining an understanding of the range of views and the reasons for the range. It is also about developing an opinion about the different views.

Social Development

- Social Development is the forming of skills to relate positively to others, take responsibility, participate in the community, and develop a sense of being a responsible citizen.
- It is about functioning effectively in a multi-racial, multicultural society. It involves growth in knowledge and understanding of society in all its aspects. This includes understanding people as well as understanding society's institutions, structures and characteristics, economic and political principles and organisations, roles and responsibilities and life as a citizen, parent or worker in a community. It also involves the development of the interpersonal skills necessary for successful relationships.

Cultural Development

- Cultural Development is facilitated through enabling pupils to appreciate their own cultural traditions and the diversity and richness of others. This may include national cultures and social or ethnic sub-cultures.
- It is about understanding and feeling comfortable in a variety of cultures and being able to operate in the emerging world culture of shared experiences provided by television, travel and the internet. It is about understanding that cultures are always changing and coping with change. Promoting pupils' cultural development is intimately linked with schools' attempts to value cultural diversity and prevent racism.

Evaluating Impact of Spiritual, Social, Moral and Cultural Development 2022-2023

“Pupils are encouraged to become responsible citizens, who contribute to society. They enjoy taking on leadership opportunities, like being team captains and school councillors. Pupils enjoy participating in the range of clubs available, such as performing arts and football. They relish the exciting educational trips they attend, like Gatton Garden and designing Japanese gardens to learn about patterns in mathematics.”

British Values

As well as promoting good social and moral values within school, we also promote the following fundamental British values: Democracy, Rule of Law, Individual liberty, Mutual Respect, and Tolerance of those with different faiths and beliefs.

At St Peter's CofE Infant School we reinforce these values regularly in the following ways:

Democracy

Children have the opportunity to have their voices heard in school. Before each topic, teachers brainstorm what they intend to learn, and this is evidenced on the medium-term plans. The school also carries out regular questionnaires with the pupils to ascertain their thoughts and feelings about our school. The findings are shared with staff and Governors and form part of the school's self-evaluation and future planning. Pupils' views are also considered when setting new policy such as our Safe use of internet, Anti Bullying and Behaviour. School, Eco, and Anti-bullying councillors are elected democratically, voting in each class at the beginning of each year. Pupils also have the chance to vote on charities that the school supports such as Lunchbowl Network and Macmillan Cancer.

Rule of Law

The importance of laws, whether they be those in class, the school or the country are reinforced in school regularly through the SMSC whole school curriculum overview and whole school Collective Worship. Across the school and the EYFS, there is a clear code of conduct with rules agreed by the pupils. Pupils are taught the value and reasons behind school rules and national laws that protect us, look after us and govern us. We discuss with the children and make clear the consequences when rules in school and laws of the land are broken. We arrange visitors to speak with the children such as the Police to discuss Road safety, Bikeability, Fire safety, Stranger Danger, and the NSPCC.

Individual Liberty

Within school, pupils are actively encouraged to make personal choices, knowing that they are in a safe and supportive environment. As a school, we educate boundaries for young children to make choices safely.

Children are encouraged to know, understand, and exercise their rights and personal freedoms and advised how to exercise these safely, for example through E-safety. Children have the freedom of choice in respect of extra-curricular clubs that they can get involved in.

Mutual Respect

Part of our school ethos and positive behaviour policy has revolved around our Core Christian values such as respect, Resolve, Aspiration and Well-being. Our values are reflected in our school rules, display, newsletters, and website and in the curriculum where opportunities arise. House Captains remind children in their house of good core values of behaviour in school and towards others when visiting classrooms. In our Collective Worship we focus on our Christian values and children are given the opportunity to express their opinion on what these values are like within our school and suggest possible improvements.

Tolerance of those of Different Faiths and Beliefs

This is achieved through enhancing children's understanding of their place in a culturally diverse society and by giving them opportunities to experience such diversity through our RE Curriculum. Collective Worship is planned termly to recognise key dates within different faiths and cultures such as Ramadan and Passover. Assemblies are followed up and supported by learning in SMSC and RE. Members of different faiths are encouraged to share their knowledge to enhance learning within our school.

We participate in great British events such as the Royal Coronation, Royal weddings, Political Elections, Cultural weeks, and Remembrance events.
